

Storehouses Project

- NEEDED ITEMS LIST -

Our focus will be on spiritual nourishment and various components of survival: food, water, first aid, warmth & shelter, sanitation & hygiene, lighting & communication and other survival gear. Each one of those categories can be broken down into hundreds of items. The list provides some ideas. Why survival? Many of the teens and women the Lord alerts us about are in precarious situations and in survival mode themselves. We hope to use the analogy of physical survival as a means to talk about how to move out of survival mode into a more stable situation both spiritually and physically. All items should be practical so each teen girl and woman who is gifted with something from the list can use it to meet her basic needs while still blessing her with a sense of pampering.

All items can be donated as an In Kind Donation and each donor will receive an In Kind Donation receipt. If you purchase any of the item ideas from the list below, please, contact office@breakofdawninc.org to schedule a drop off or for more information on where to have them shipped. Each donor will also donate shipping costs.

The list below contains ideas and is not an exhaustive list. Going through the aisles of any store, will provide even more options. Other than clothing and large items, almost anything could be useful to the teen girls and women we will gift. Contact us if you have questions and thank you for your donation!

- Gift Cards to purchase clothes, socks, underwear

Storehouses Project

- NEEDED ITEMS LIST -
CONTINUED

We may eventually develop an online wish list if there are enough donors who are donating items from this list. If you would be more likely to purchase items via an online list such as Amazon Smile, for example, email us at office@breakofdawninc.org. If a wish list is created, you would purchase the item and it would automatically be shipped directly to Break of Dawn.
